

# TC 400GDWH/AN

## PRODUCT DATASHEET

### 400GDWH/AN GLASS DOOR COOLER PRODUCT DETAILS

Domestically manufactured success product, whose 400-liter capacity can be divided with 5 shelves. Ventilation cooling ensures uniform internal temperature, which can be adjusted with a digital thermostat and monitored on a digital display. It features a plastic-coated steel exterior and interior. Adjustable feet aid in leveling this excellent value-for-money retail cooler. Built-in LED lighting on both sides of the door illuminates the entire cooled space. Thanks to its modern steel-coated exterior, it fits perfectly in the forefront of bars and restaurants for presenting, storing, and selling non-alcoholic and alcoholic beverages, sandwiches, sweets, and other foods. Its glass door makes the contents of the display case easily visible, attracting more attention from customers to the products inside, which can increase both the traffic and sales for the bar/restaurant and the products. Available in white and anthracite colors.

Cooling specifications are based on 60% air humidity and 25°C ambient temperature; deviations from these conditions may affect cooling performance!

#### DIMENSIONS

External size (mm)	595x645x1860 (H)
Internal size (mm)	505x510x1555 (H)
Net volume (l)	381
Gross volume (l)	401
Net weight (kg)	96
Gross weight (kg)	103
Number of shelves (pcs)	5
Shelf size (mm)	480x440
Shelf payload (kg)	30

#### TECHNICAL SPECIFICATIONS

Climate type	N
Temperature range (°C)	+2...+12
Thermostat	Digital
Refrigerant	R290a
Rated voltage (V)	230
Current (A)	1
Input power (W)	173
Energy consumption (kWh/24h)	1,7
Internal material/color	plastic-coated sheet steel / grey
External material/color	plastic-coated sheet steel / white or anthracite
Type of lighting	double vertical LED
Type of cooling	Dynamic

#### CAPACITY

330 ml glass bottle	231
500 ml glass bottle	189
330 ml can	399
500 ml can	273

#### ACCESSORIES

Lock	optional
Canopy	optional
